Title Appropriation Committee report

Presented by Town of Weymouth

Weymouth, Mass.

Appropriation Committee report

W.C.
352
1963

February 15, 1963

To the Taxpayers of Weymouth and Town Meeting Members:

The Appropriations Committee has carefully studied and considered all matters in the Warrant for the Annual Town Meeting and herewith submits its Recommendations based on facts and figures available to it at the time. This year, more than any other, the Recommendations should be carefully analyzed, for it appears that we are faced with a sizeable tax increase, and you will note that most matters are placed on Tax Levy, and any action taken by the Town Meeting Members will depend on how much money can be allocated from Available Funds against Tax Levy.

Again, this year, it has been necessary to compute the tax rate without the availability of the "Cherry Sheet" from the Commonwealth, and such estimate is based on a valuation of \$121,000,000.00.

The total Requests for the year, of \$13,273,744.00 -- which if approved by Town Meeting vote, will necessitate an estimated Tax Rate of \$78.80. However, these Requests have been reduced to a Net Budget of \$10,375,522.00, with Net Cost to Tax Levy of \$8,129,793.00, from which the Committee has estimated a tax rate of \$68.80, and calls your attention to the fact that an appropriation for the renovation of the Old High School is not included in this estimate.

The Committee will be striving to determine means to further limit this tax increase up to the time of Town Meeting, but at the present time, feels that it has performed its duties in making these recommendations based on facts and figures available to it at the time. A full report relative to the use of Available Funds and Finances of the Town will be given to the Town Meeting.

The Committee wishes to thank all Town Departments, Officials and Committees for their sincere cooperation.

Respectfully submitted,

WEYMOUTH APPROPRIATIONS COMMITTEE
